N A S A  
u n i v e r s e  
s t a r s h i p

**Q5.** Match the box on the left to the information on the right. Use the text to help you.

**A5.**

Mae didn't give up her other passions.

After her mission, Mae was ready for new challenges.

Mae saw that NASA were looking for people to train as astronauts.

She went back to college to make sure her engineering skills were up to scratch.

She started her own company to find new ways to use the latest technology to help people.

She kept on dancing and got a degree in African American studies too.
