

# HOW STUFF WORKS – TOILETS ANSWERS

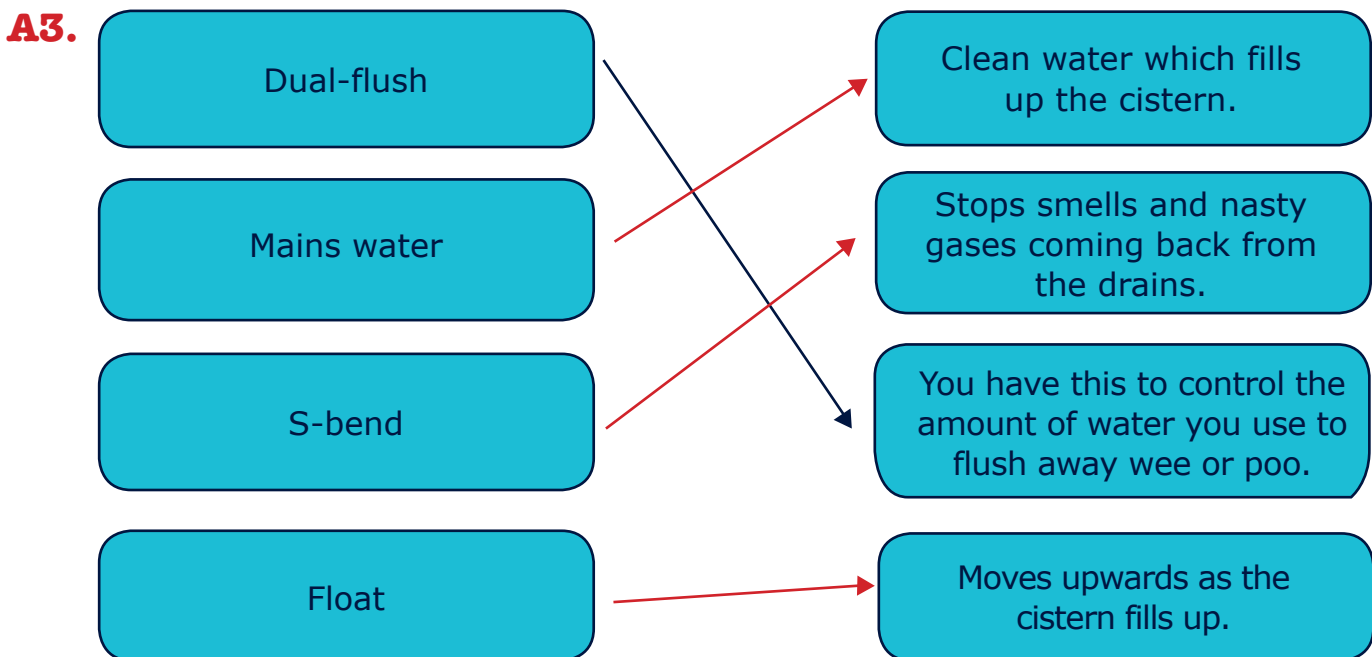

**Q1.** Why are modern toilets better than old-fashioned ones?

**A1.** They use about half as much water as old-fashioned ones.

**Q2.** How are the two flushes different in a dual-flush toilet?

**A2.** One produces a short flush (for wee) and the other gives a full flush (for big poos).

**Q3.** On the left are some main ideas about toilets. Draw a line to the detail on the right that goes with each of them. One has been done for you.

**Q4.** Can you find the missing letters in these toilet-related words?

**A4.** \_ l u \_ h = Flush

\_ o \_ = Poo

S \_ a \_ = Seat

T \_ \_ k = Tank
